TO WHOM IT MAY CONCERN;

Subject ; Manawatu Muffler Centre

I am very happy to confirm that we only use the Manawatu Muffler Centre for all our exhaust work in Palmerston North.

Their operation is very professional & their standard of work is excellent. Sometimes our time frame for work to be completed is tight, & 99% of the time our dead lines are met.

Additionally, Colin all ways stands behind his work & if there are any issues (which have been rare) they are dealt with immediately without question.

I have no hesitation to recommend, Manawatu Mufflers for any exhaust work required.

Yours Faithfully

Peter Shaw
Service Manager
