MANAWATU KIA

21 January 2010

We have been a customer of Manawatu Muffler Centre for 12 years.

During this time we have always been given prompt and efficient service by Scott, Vanessa and the team.

Manawatu Muffler Centre has the ability to manufacture exhaust systems to suit the requirements of our customer's vehicles.

At times we have required a quick turnaround by them and they have always delivered on time with a smile.
