INTERNATIONAL SPEEDWAY

Monday, 24th May 2010

Dear Sir/ Madam

A most successful 2009-2010 season has concluded at the FMG Stadium, Arena Manawatu and the management and competitors at the Robertson Holden International Speedway would like to take this opportunity to thank you for your support and trust that your company benefited from the association.

There is no doubt that both Speedway Fans and Corporate Sponsors were treated to some great speedway action at the major events.

There were many highlights that included the Nelson Tigers winning the ENZED Dewtec New Zealand Superstock Teams Championships, defeating the Palmerston Panthers for the first time in four years and the British Lions finishing runners up after only two years of competing in this event, which is regarded as the country's premier speedway event. The World of Outlaw Sprintcar series attracted three World of Outlaw drivers including USA Legend Sammy Swindell.

Palmerston North competitors again dominated their class championships throughout the country. SuperStock driver Scott Joblin won the prestigious 248 SuperStock Global Challenge and the World 240 Champs, within a week, and Peter Rees won the New Zealand and North Island Stockcar Championships. With good numbers in the Ministocks, Minisprints, Sidecars, Sprintcars and Stockcars / SuperStock classes, the overall standard of competition has hit another level.

It was a season to remember and the Robertson Holden International Speedway is committed to further enhancing its envied reputation.

Again, our thanks for your part in continuing to make Speedway the regions Number One Action Attraction and we would welcome your continued support in the 2010/2011 speedway season, which starts on October 16th 2010.

Kind Regards,

Bruce Robertson
Promoter

Bryan Puklowski
